Please see the table below for the qualifications for entry.

**For purposes of interpretation of this regulation, registration for a Sectional or qualifying event is defined as the submission of a registration form for such event.*

Novice and higher in Singles, Pairs and Dance	No events
Pre-Novice Competitive Dance	Free Skate, Pairs, Interpretive, Skating Skills, Triathlon

PRE-JUVENILE AND JUVENILE

This is a clarification of skaters for Pre-Juvenile and Juvenile levels being able to cross over into STAR categories for competition purposes.

Skate Canada encourages developmental opportunities for all athletes. Skaters at this level of development have the freedom to move from Pre-Juvenile and/or Juvenile to STAR

categories at any point during the season. Likewise, the STAR athletes have the same opportunity to try Pre-Juvenile and/or Juvenile categories at any point during the season. Skaters at any level of competition will need to meet the age and test requirements indicated for the level they intend to compete.

EVENT COMPOSITION

In normal circumstances, each category at the competition must be held for men and women separately. It is permissible to combine events as follows:

- Combine two or more categories in the same event when each category has fewer than three entries;
