

Officials Stand

Each group of Officials (Technical Representative, Judges, Chief Data Specialists, Data Specialists, Technical Controllers, Technical Specialists, and Audio Electronics Personnel) have vast knowledge of all aspects of a competition and will ensure the competition is run according to the Skate Canada Rules and Skate Canada Manitoba Policies and Procedures. Constructing an officials stand that is well done will really add to the quality of your event.

The Officials' Stand or Platform is to be roped or sectioned off, labeled with signs indicating **Officials Only, and must be constructed in accordance to the following:**

- Preferably 36' long
 - The width of the Officials' stand should be sufficient for movement behind those seated for ready access to the stand to resolve potential problems during the event.
- Constructed over top of the players' bench with clear sight lines to both corners of the ice surface – as close to centre as possible
- No plexiglass, poles or netting may be in front of the stand
- Power source is required to the stand
- Seating for 13 people with no metal or hard plastic chairs
- The Audio Stand should be co-located and requires an additional 10' of space with good audio monitoring (not behind glass) and access to a "dedicated" AC Circuit and a microphone jack to the house sound system

The Officials' stand must be completed no later than two (2) hours prior to competition start and the Audio Technicians stand must be completed no later than one (1) hour prior to competition start.
