PRE-JUVENILE AND JUVENILE

This is a clarification of skaters for Pre-Juvenile and Juvenile levels being able to cross over into STAR categories for competition purposes.

Skate Canada has no rule stating that Pre-Juvenile and Juvenile skaters must stay in these categories for the duration of a season. Skate Canada encourages developmental opportunities for all athletes. Skaters at this level of development have the freedom to move from Pre-Juvenile and/or Juvenile to STAR categories at any point during the season. Likewise, the STAR athletes have the same opportunity to try Pre-Juvenile and/or Juvenile categories at any point during the season. Skaters at any level of competition will need to meet the age and test requirements indicated for the level they intend to compete.
