Programming End Dates CanSkate:	Saturday, March 19, 2022
STARSkate	Saturday, March 19, 2022
CanSkate:	43
STAR (including bridging)	7
How many Program Assistants (PA's) did your Club/School have in each Skate Canada Program: CanSkate:	9
How many hours of ice total do you have per week (for all programs)	9.5
Approximately how many hours per week do you offer CanSkate (example enter 1 for sessions that are 45 minutes to a full hour)	2
Approximately how many hours per week do you offer STARSkate (including bridging and Competitive)	4.75
What is your CanSkate fee	\$ 278.00
How many sessions do participants receive for CanSkate	2
Do you anticipate any changes to your coaching needs for next season: *	No Changes
Are there programs that you are not currently running that you would like to offer in the future *	<ul style="list-style-type: none">• CanPowerSkate
What type(s) of fundraising did you or are you running this season	Chocolates, Cash Calendars, Christmas Catalogue, Meat Draw
What was, or is, the date of your Ice Show or Carnival?	Sunday, March 20, 2022
Did you host any additional opportunities for participants this season such as a SCMB Performance Day, welcome guest skaters,	2022 Virtual Norman Regional STARSkate Skating Competition and FunSkate. We held the funskate in person and taped the StarSkate performances.

offer a seminar or special team building day?

Please provide your Club/School's Top Three Successes this season: *

1) Great participant and PA attendance and success in their development.

2) Supportive Board and Parents. Great talent amongst them. Excellent fundraising participation and leadership.

3) Lots of Learning and building of relationships with other clubs and SCMB Staff as we organized the Virtual Regionals

How can SCMB help celebrate or bring awareness to your successes *

Just highlight the success newsletters with other clubs successes.

Please provide your Club/School's Top Three Challenges that you faced this season *

1) Obviously the Covid restrictions and screening of people entering facility. We lost board members and our facility would charge us to use their people to monitor. We had someone there for each session all the way to the end of the session. A lot of time from our parents spent in this area. (Went towards volunteer credit)

2) The uncertainty of whether we could run Regionals and the stalling of planning then refocusing on a virtual event.

3) Lots of learning for our new board of their roles. Missing getting things ordered in time like ribbons.plaques etc.

SKATE GILLAM

What was, or is, the date of your Ice Show or Carnival?	Sunday, March 20, 2022
Did you host any additional opportunities for participants this season such as a SCMB Performance Day, welcome guest skaters, offer a seminar or special team building day?	Performance Day, SCMB Day, Halloween Skate-A-Thon, Skate with Santa
Please provide your Club/School's Top Three Successes this season: *	<ol style="list-style-type: none"> 1. Maintaining a relatively high number of skaters registered. 2. Retaining many of our StarSkaters and keeping them interested in competing throughout the province. 3. High numbers of skaters in our CanSkate and Advanced CanSkate program.
How can SCMB help celebrate or bring awareness to your successes *	SCMB is doing a great job of making us feel included

Please provide your Club/School's Top Three Challenges that you faced this season *

1. Very small board this year, this created more work for the volunteers.
2. New members wanting to become involved but needing guidance.
3. Keeping volunteers interested in staying on the board.
4. COVID causing a low morale (missed skating for skaters due to illness or being a contact).

How would you like to see SCMB help with the Challenges that you are facing *

Seminars with guest clinicians, workshops for new volunteers of our skaters and boost their morale.

What type(s) of fundraising did you or are you running this season	Ottenbreit meats, In Good Taste, Raffle tickets for Carnival
What was, or is, the date of your Ice Show or Carnival?	Sunday, March 6, 2022
Please provide your Club/School's Top Three Successes this season: *	We have one skater, Julia Wray, who attended the Manitoba Open, coming home with 2 Golds and a bronze.

We had 3 skaters, Julia Wray, Remy Shuya and Jordyn Christie, attend the West Regionals in Killarney. The girls came home with 3 bronze, 3 silvers and 2 golds!

Russell (MB) FSC also has had 19 + Star Assessments successfully passed this season.

Lastly, we have 6 Canskaters moving to Starskate next year, which is a huge number for us! So proud of how hard they have worked this year (how hard everyone has worked, actually).

How can SCMB help celebrate or bring awareness to your successes *

Please let everyone know how our small little club is thriving!

Please provide your Club/School's Top Three Challenges that you faced this season *

Covid – our numbers were down with the uncertainty if the year was going to be completed, rescheduling MB Open as we had booked our Carnival the weekend it was moved to.

Weather challenges due to bad roads – we have had many days of cancelled school and therefore cancelled skating.

Lastly, we have a young club and our Star skaters are not very old so we struggled getting PAs for the Canskate group as the star skaters were on the ice 2–2 1/2 hours prior to canskate, they were exhausted.

How would you like to see SCMB help with the Challenges that you are facing *

Really can't think of any help

offer a seminar or special team building day?

Please provide your Club/School's Top Three Successes this season: *

We have had many skaters move up to our star programing from our CanSkate programing this year. Our Club announced a new club logo this year first time in our 40+ years of existence. Our biggest accomplishment is that we were able to open our arena earlier in the year due to teamwork between Altona Minor Hockey and the Skating Club.

Please provide your Club/School's Top Three Challenges that you faced this season *

Covid as in the past years has made operations tricky but we have made it work and been resilient. Finding Ice time in a small community is always a challenge with one ice surface for everyone. Registration Hiccups, it is always hard to stay on top of registration numbers.

Bring a friend successfully added additional CanSkaters and StarSkaters who wouldn't have joined.

Please provide your Club/School's Top Three Challenges that you faced this season *

Covid challenges. We had to navigate the changes to restrictions and dealing with close contacts. We also had the challenge of unimmunized parents and skaters. We created a safety plan for those skaters who were still allowed inside but their parents were not. We also came up with a policy for unimmunized parents who would break the facility vaccination rules. While it didn't occur during our time we had a parent who didn't follow the rules while their son was at hockey.

What type(s) of fundraising did you or are you running this season	Little Cesar's Pizza Kit, Perogies
Please provide your Club/School's Top Three Successes this season: *	We have been able to further develop our Star program. There are many new faces joining our club. We have also been able to maintain our numbers for CanSkate programming. The board

was hesitant about the numbers due to the pandemic, but we were able to persevere in a good direction. Another success has been the positive attitudes that both skaters and coaches have shared throughout the season. Even though times could be tough with Covid-19 restrictions and the worrisome delta variant, everyone maintained a cheerful attitude and was able to enjoy skating!

How can SCMB help celebrate or bring awareness to your successes *

One way could be to congratulate our coaches for persevering through these tough times Possibly through an email.

Please provide your Club/School's Top Three Challenges that you faced this season *

Our number one challenge as a club would be a lack of P.A.'s. There has not been a consistent number of P.A.'s helping out on the ice for CanSkate at all of our club's locations. Although there is a need for more assistance, our coaches persevered! They did an amazing job. Many Star Skater's who could have helped for CanSkate decided not to this year. Quite often, it was the same P.A.'s who helped consistently. Especially in the Lac du Bonnet location this was troublesome, there were not enough P.A.'s. In response, one P.A. from Beausejour drove herself to Lac du Bonnet most Sundays, and another skater from Beausejour travelled to that rink as well. Another challenge would be hosting board meetings. This is largely attributed to the pandemic and limited gathering sizes. This problem has now been resolved with the loosening of restrictions. One more challenge would have been the change rooms at the rink. We had some minor inconveniences with other user groups, but this has been resolved once we talked to the rink staff.

How would you like to see SCMB help with the Challenges that you are facing *

Guidance on how to attract and have more P.A.'s to help with CanSkate

Please provide your Club/School's Top Three Successes this season: *	-number of CanSkaters -number of PA's -growing our bridge program
How can SCMB help celebrate or bring awareness to your successes *	post on social media

Please provide your Club/School's Top Three Challenges that you faced this season *

-It is becoming increasingly difficult to have a committed board, especially since our biggest program is the CanSkate program. Although our board members were eager to learn how to run the program, they likely will be gone next season. It is difficult to find volunteers who are committed to learning the ropes and who will stay with the board for several years.

-training board members

-ensuring covid rules are respected

How would you like to see SCMB help with the Challenges that you are facing *

Support small clubs who's biggest programs are CanSkate
