WHAT'S NEW THIS YEAR?

Skate Manitoba is committed to servicing all skaters in our section through the development of programming tailored to each group's periodization schedule, in addition to recognizing the intrinsic values of being a part of a provincial team.

Skater's across the section will be invited to apply for the appropriate team for their stage of development in accordance with this document and the LTD.

We will no longer have separate teams classified as "High Performance, Development and Star". Moving forward our two teams will be:
